#### **Course Purpose**

The purpose of the course is to elevate the slave’s service and devotion to Mistress, Domina Shelle through the lessons learned during the Tutorial.

### **Course Goals**

Through improved self-awareness the slave will attain a higher degree of pleasure and achievement. The Tutorial will provide a clearer path to Domina Shelle as primary focus of slave's existence. Through this love making opportunity, slave will attain a higher, more meaningful level of devotion to pleasing and serving Domina Shelle. This is the primary goal Your Domina has for you.

Pleasing the other significant Woman in the slave's life, in order to enhance those relationships, is a most important goal of the Tutorial.

There will be a reinforcement and tighter bonding of the current Mistress-slave relationship.

### **Course Learning Outcomes (what the student/slave needs to know and do as a result of the Tutorial)**

The slave has a clearer understanding of obligations to love and support Mistress.

The slave evolves to a deeper level of submission, servitude, and enslavement to please Domina Shelle. This includes a understanding and use of self-motivations such as the need to obey, to love and be loved, addiction to Domina and fetish obsessions to stimulate the deepest possible devotion to serving and supporting Domina Shelle.

A most desired outcome for Domina Shelle is for the slave to self-identify the nature of servitude Mistress in order to anticipate Her needs and so Domina sees slave wanting to sacrifice on Her behalf.

### **PART 2. Three one on one email instructions between Prof. Shelle and student**

(There will be a separate set of instructions explaining how to proceed with Part 2 and detailing more fully the first email to be sent to Prof. Shelle.)

Part 2 consists of three separate written assignments by student in communication with Prof. Shelle prior to sex and orgasm.

The first email will detail individual circumstances, partner's expectations, description of current sexual activity, current sexual fantasies during lovemaking and desired outcome. Prof. Shelle will provide appropriate instructions as outline in class presentations, personally tailored to the particular circumstances.

After the first "encounter" the student will report back to Prof. Shelle the details of what happened, evaluate the lovemaking and partner satisfaction. Prof. Shelle will respond with a critique (and corrections, riding crop included) and new instructions to follow for second "act".

By the third email improvements are to be expected from the student's total commitment to submit, obey and pour out unselfish love in meeting Domina Shelle's expectations to provide both Women (Domina Shelle and Love Partner) with maximum pleasure from submissive male efforts and sacrifice, thereby achieving success in pleasing Mistress, Domina Shelle.
